

Approx. 1.6KM, turn right at the Tee intersection toward Pathumthani / HWY 346.
(You will see St Carlos Medical Spa directly ahead of you at the Tee)

Keep following HWY 346 bearing Left

Cross the river

Cross over HWY 3111

Follow HWY 346 til you run into construction and a red light (light is approx. 7km from St Carlos Med)

Gets a little messy here – there are barriers, just keep right and do a U-Turn at the red light and head back the way you came (next turn is about 1.3km from this U)

Pass the Grip Tire sign (at 12.8km road marker) and you know you are on track

Turn left on to Soi Riap Khlong Bang Pho Nuea – it is a narrow concrete road.

Within 200m there is a red roofed car body shop on the left side – keep going straight.

The road winds past fields and after about 2km from 346 you will see a giant chicken on your left.

You have now reached your destination: Jimi Hendrix
